

AIE CONSULTANCY

OPTIMIZE TODAY. DOMINATE TOMORROW

AIE Consultancy

Optimize Today. Dominate Tomorrow.

Who We Are

Agile Industrial Engineering Consultancy – delivering operational excellence, manufacturing optimization, and sustainable energy solutions across Southern Africa.

Lean Six Sigma

Proven methodologies at our core

Sectors

Pharma, FMCG, Manufacturing

Region

Southern Africa

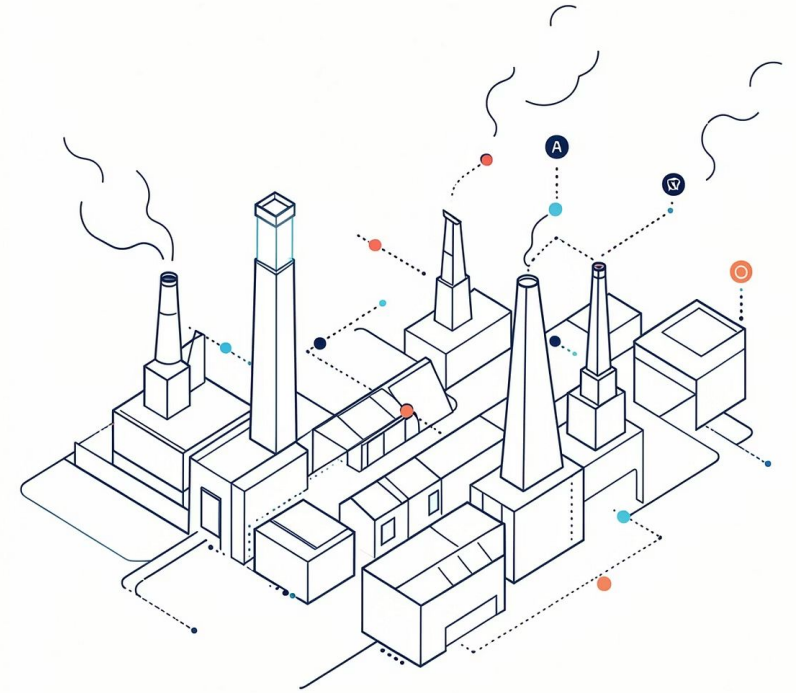

Vision & Mission

Vision

Southern Africa's leading industrial engineering consultancy – recognized for measurable operational improvements and sustainable solutions.

Mission

Empower industrial organizations through data-driven process optimization, advanced manufacturing solutions, and sustainable energy integration.

Our Core Values

Results-Driven

Measurable outcomes, not just recommendations

Technical Excellence

Certified expertise backed by hands-on experience

Integrity

Honest assessments, transparent partnerships

Partnership

We succeed when our clients succeed

Innovation

Continuous improvement in everything we do

Why Choose AIE Consultancy

40%

Downtime Reduction

Equipment downtime eliminated per engagement

89%

OEE Achieved

Up from 75% baseline

R125K+

Annual Savings

Delivered per project

94%

ISO Audit Score

Improved from 82%

Our Expertise

Certifications

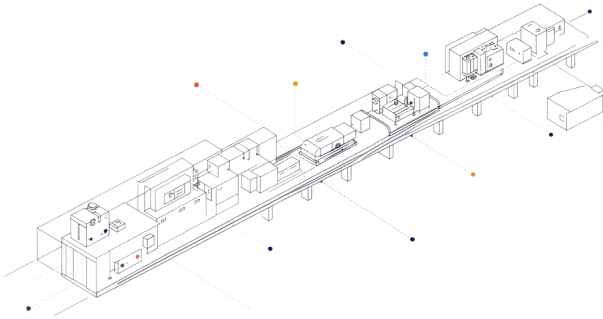

- Lean Six Sigma Black Belt Certified
- ISO/IEC 27001:2022 Lead Auditor
- Scrum Fundamentals Certified
- Advanced Data Analytics

Industry Experience

- 5+ years in pharmaceutical & FMCG sectors
- Automated production systems & equipment installation
- GMP, ISO 9001, WHO guidelines & regulatory compliance

Manufacturing & Maintenance Services

Process Optimization

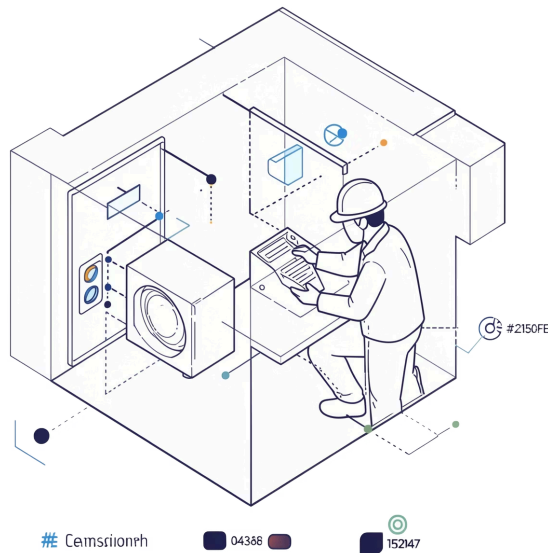

- Value stream mapping & bottleneck elimination
- 15–25% cycle time reduction
- 10–20% capacity enhancement
- **ROI: R75K–R250K+ annual savings**

Preventive Maintenance

- Custom PM schedule development
- CMMS implementation & optimization
- TPM and RCM program deployment
- **30–50% downtime reduction**

Equipment Installation & Commissioning

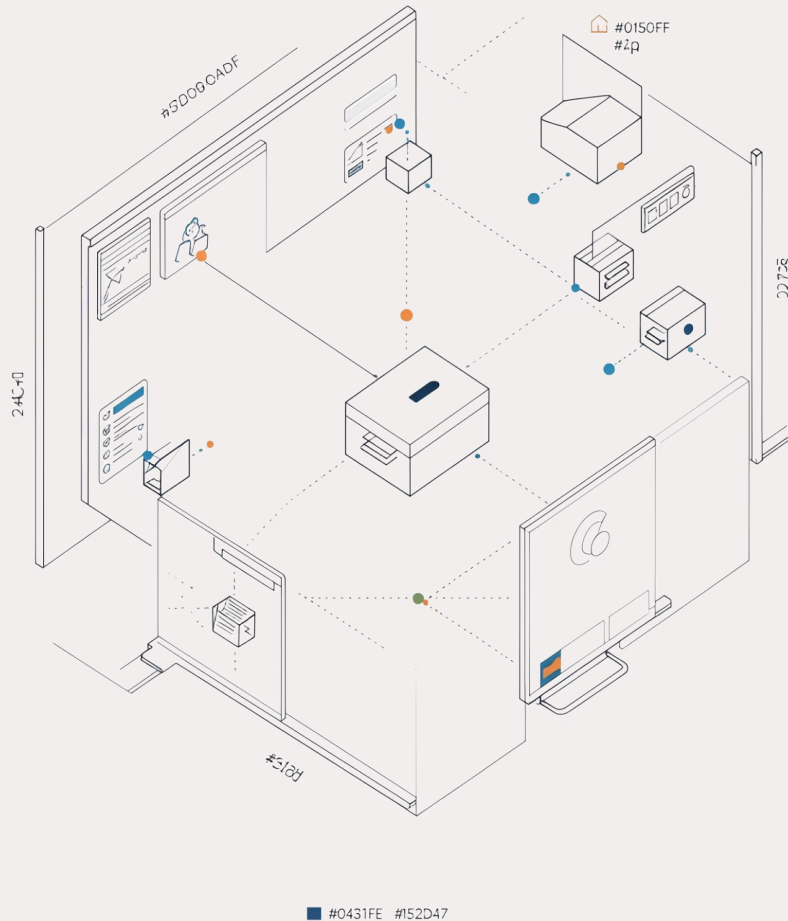

Full-Scope Qualification

- IQ / OQ / PQ qualification protocols
- HVAC validation & cleanroom commissioning
- Automated production line integration
- GMP and WHO compliance assurance
- Complete regulatory documentation packages

✔ **20–30% faster commissioning.** Zero compliance issues.

Kaizen

Lean Manufacturing Workshop

Lean Manufacturing & Six Sigma

Lean Assessments

Implementation roadmaps & 5S workplace organization

Six Sigma DMAIC

Full project execution & Kaizen event facilitation

Training & Certification

Employee programs for lasting cultural change

Impact

8–15% cost reduction · 20–40% defect reduction
